7. About Intensive Japanese Course for Monbukagakusho scholarship student

These are beginning level intensive Japanese courses for Japanese language trainees [N], that is, Japanese government (*Monbukagakusho*) scholarship students with an embassy recommendation. These students who will study or do research as graduate students at Kumamoto University in next semester may take these courses for preparatory Japanese language study. Classes will be held every day. No academic credits will be earned from these courses.

In principle, only Japanese language trainees [N] may take these courses. However, regular students in graduate school [G] with K1 or K2 in KU Japanese level are eligible to take this course. The syllabi for these courses will be distributed in class.

For this semester, only “Intensive Japanese 2” is available for the graduate students due to non-vacancy of the “Intensive Japanese 1”.
